

Maingate & Jib Transfer

PRODUCT
FACT
SHEET

The MCE Maingate Jib and Transfer is the ideal solution for high-capacity maingate conveyors. This innovative system is pre-assembled for easy transportation, which greatly reduces setup and installation time.

Additionally, it is demountable for pulley change-out if needed, and requires no roof support structure.

Application

Suitable for a high-capacity maingate conveyors.

-  Proven Performance
-  Quality Product
-  Flexibility in Design
-  On-time Delivery

FEATURES		BENEFITS
Pre-Assembled Maingate Jib and Transfer System	=	Significantly reduces setup and installation time, enabling faster deployment and minimising downtime.
Demountable Design for Pulley Change-Out	=	Simplifies maintenance by allowing easy pulley replacement without major disassembly, improving system uptime and serviceability.
Adjustable Hood and Spoon (“Jibaroo”) Arrangement	=	Accommodates a wide range of transfer angles, making the system adaptable to different conveyor configurations and operational requirements.
